ABOUT

Software engineer with experience in mobile apps, web development and AI evaluation. Skilled at solving technical challenges, learning new tools, and supporting diverse projects from development to deployment.

TECHNICAL SKILLS

Languages & Frameworks: Java, C++, Python, JavaScript, HTML, CSS, SQL, React.js, React Native, Node.js

Tools & Platforms: AWS, Azure, Firestore, Google Maps API, Jira

Other Skills: Networking & troubleshooting, hardware knowledge, team collaboration, independent project delivery.

TECHNICAL PROJECTS

Portfolio Web App | React, JavaScript

- Built and deployed a personal website to present my resume and cover letter in a more engaging and interactive format.
- Designed a clean, responsive interface to showcase my technical skills beyond a traditional resume.
- Live project, continuously updated to improve functionality and expand design.
- You can view this project at: saintlula.tech

Tourism Mobile App – Local Legends | React Native, Firestore, Google Maps API

- Built a mobile app that helps users discover nearby cultural landmarks and local stories.
- Integrated Google Maps API for real-time, location-based recommendations.
- Implemented a community feature allowing users to submit and manage content via Firestore.

Map-Based Interactive Game | C++

- Developed a story-driven game with branching paths and multiple endings.
 - Implemented core game logic, user input handling, and memory management.
-

EDUCATION

Bachelor of Information Technology - Software Engineering Major (June 2023 - November 2025)

La Trobe University | Melbourne, VIC

Diploma of Information Technology (Aug 2022 – Sept 2023)

La Trobe College | Melbourne, VIC

WORK EXPERIENCE

AI Compliance Officer | Zipline.io – Melbourne VIC | July 2025 – Present

- Worked on multiple projects, improving AI system performance, testing models, and identifying issues to make the AI more reliable.
- Alongside AI projects, assisted with ISO compliance initiatives, supporting documentation, audits, and process improvements.
- Contributed to development tasks, including internal tools and website updates, to support team workflows.

Office Administrator | Unilodge – Bundoora, VIC | Sept 2024 – Apr 2025

- Managed bookings, resident inquiries, and document organization in a fast-paced university accommodation office. Strengthened organizational and communication skills in a professional environment.
